## MIDWEST LIVESTOCK REVIEW and RANGE AND FEEDLOT SALES

Curtailed marketings of slaughter steers and heifers coupled with upturns in the dressed trade contributed to higher steer and heifer prices. Steers sold strong to 50¢ higher for the week at most midwest markets and 25¢-\$1.00 higher at Chicago. Slaughter heifers closed steady to 50¢ higher, some 75¢ up at Chicago. Slaughter cows were steady to 50¢ lower as cow beef prices declined. Limited numbers of feeder cattle and calves sold fully steady. Barrows and gilts sold steady to 25¢ higher, instances 50¢ up in the western Corn Belt, but were steady to 50¢ lower in the eastern part of the area. Sows were steady to 25¢ lower at most points. Spring slaughter lambs closed strong to \$1.00 higher, large share 50¢-\$1.00 up.

**SLAUGHTER CATTLE AND CALVES** - Slaughter steer and heifer prices advanced during the short holiday trading week. Not since Christmas week 1960 have twelve market receipts been so small. The number of slaughter steers and heifers sold out of first hands at the 7 markets totaled 93,901, smallest since April and 17 percent below a year ago. This development coupled with higher dressed beef prices stimulated trading on fed cattle. Slaughter steers closed strong to 50¢ higher at most points, and 25¢-\$1.00 higher at Chicago. The Choice grade led the advance at most markets. Closing prices on heifers were generally steady to 50¢ higher, some 75¢ higher in Chicago. At the same time, cows felt further downward pressure and finished steady to 50¢ lower with Utility and Commercial grades leading the decline. Bulls were mostly steady, and vealers steady to strong at St. Paul and St. Louis. Good and Choice grades figured most prominently in abbreviated steer and heifer supplies, the percentage of Choice slightly increased. Only scattered loads of steers weighed more than 1300#. While the percentage of cows in receipts was slightly curtailed at most markets, a substantial increase in supplies of western beef cows was noted at St. Paul.

**Slaughter steers:** With closing prices at the high point of the week in Chicago, Choice steers bulked at \$25.50-27.00, weights under 1100# largely \$25.50-26.25, late sales high-Choice and mixed Choice and Prime 1150-1400# \$26.75-28.00, most Good \$23.00-25.00. At other markets, Choice bulked at \$24.50-25.50, some high-Choice and mixed Choice and Prime \$25.75-26.50, most Good \$22.50-24.25.

**Slaughter heifers:** Scattered loads and lots high-Choice and mixed Choice and Prime \$25.50-25.75, bulk Choice \$24.00-25.25, Good and low-Choice \$21.00-24.50.

**Slaughter cows:** Bulk Utility and Commercial \$14.50-16.50, Canner and Cutter largely \$12.50-15.50.

**FEEDER CATTLE AND CALVES** - Marketings of feeder cattle and calves continued relatively limited with a midweek holiday tending to further restrict the seasonally moderate movement. A large percent of supplies consisted of average-Medium to average-Choice offerings with many of the shipments a mixture of Good and Choice grades. Although the press of various types of field work kept some potential buyers away from market centers and thereby curtailed attendance to some extent, demand continued fully adequate to absorb the limited numbers on offer. Trading generally was fairly active at fully steady prices. Current slaughter cattle prices encouraged interest in fleshy cattle suitable to go immediately into drylot and moderate numbers of partly fattened offerings were purchased for an additional turn in the feedlot. However, relatively few of these weighed over 1000#.

**Feeder steers:** Good and Choice 800-1000# largely \$22.00-25.00. At Sioux City two loads Choice, partly fattened, 1032-1040# \$23.75. Good and Choice 550-750# ranged \$22.50-27.00, instances \$27.50, few loads Choice 675-750# included at \$26.00-26.75. Medium and mixed Medium and Good 550-750# sold from \$18.50-24.00.

**Feeder heifers:** One shipment Choice 550# \$25.75 but high-Choice and Fancy scarce; majority Good and Choice 525-700# \$22.00-25.00; limited number Medium and Good \$18.00-21.50.

**Feeder calves:** Several loads Choice and Fancy 332-350# steers \$32.00; bulk Good and Choice 300-550# \$25.00-30.50, small lots Good \$24.00. Several loads Choice 462-476# included at \$30.25. Good and Choice 350-500# heifers \$22.00-28.00, sales at latter price included one load 425#.

**HOGS** - Terminal markets - This week's holiday shortened run at 242,000 head was 18 percent less than the previous week but about the same as the corresponding week last year which also included July 4. Most markets received a seasonal increase of 180-210# barrows and gilts. Throughout most of the area the average weight of these classes dropped 2 to 3#. Sows comprised between 8 percent of the receipts at Kansas City to 28 percent at St. Paul. At the outset, a sharp price break was recorded at the major terminals. However, most of these downturns were recovered Thursday when the post-holiday receipts were substantially below normal. A higher dressed pork trade was another bullish factor.

Compared with the previous week's close, barrows and gilts in the western part of the Corn Belt were steady to 25¢ higher, extremes 25-50¢ higher at Sioux Falls. In the eastern Corn Belt prices were steady to 25¢ lower, extremes 50¢ off at Indianapolis. Sows were steady to 25¢ lower throughout the area, except steady to 25¢ higher at Omaha.

Barrows and gilts: Closing sales of U. S. 1-2, 190-240# in the eastern part of the area \$18.50-19.25, reaching \$20.00 at Chicago Tuesday for a 1962 peak; No. 1-3, 190-240# \$18.25-19.00. In the western part of the area U. S. 1-2, 190-240# \$18.00-18.75, No. 1-3, 190-240# \$17.75-18.50.

Sows: U. S. 1-3, 270-400# \$14.25-15.25, selected lots U. S. 1-2, 250-300# \$15.25-16.25; No. 2-3, 400-550# \$13.50-14.50.

Choice 120-160# feeder pigs at St. Paul were 50¢ higher at \$16.50-17.00. Good and Choice 130-170# at Sioux City were steady to 25¢ higher at \$15.00-16.00.

Average cut-out value advantage of U. S. No. 1 over No. 3 live basis 200-220# barrows and gilts was 92¢ per cwt. based on wholesale carlot prices of fresh pork cuts at Chicago, June 29 to July 6, 1962, inclusive.

Interior Iowa-Southern Minnesota receipts totaled 228,000 head, compared with 256,000 the previous week and 249,000 during the holiday shortened week last year. Bulk of butcher supply U. S. 1-3 200-260# weights, sows comprised around 16 percent of receipts. Barrows and gilts 190-240# closed steady to 25¢ higher, heavier butchers steady to 10¢ lower; sows steady.

Barrows and gilts: On Friday, U. S. 1-3, 200-240# sold at \$17.00-17.75, No. 1 and 2 \$17.65-18.00.

Sows: U. S. 1-3 270-400# \$14.00-15.25, few No. 1-2, 270-300# \$15.25-15.65; No. 2-3 400-550# \$12.25-14.40.

Interior Illinois - Receipts at 73,800 head compared with 74,400 the previous week and 62,600 a year earlier. Barrows and gilts weighing 190-250# continued to comprise bulk of supplies but the volume of 180-190# offerings increased to about 10 percent of the run. Sows made up around 8 percent of the receipts. Barrows and gilts uneven during week with upturns never quite matching declines. At the close barrows and gilts under 240# were 25-50¢ lower than previous Friday, heavier weights steady to 50¢ off, sows generally steady.

Barrows and gilts: On Friday, No. 1-3 190-235# \$17.25-18.25; mostly \$17.25-17.75 in northwest part of State; No. 1-2 190-230# \$18.50-19.00; No. 1-3 220-250# mostly \$17.00-17.50.

Sows: U. S. 1-3 250-400# \$13.50-15.50; No. 2-3 400-600# \$12.00-13.75.

**SHEEP AND LAMBS** - Receipts at the 12 markets totaled 51,000 head, compared with 70,000 a week earlier and 57,000 last year. Demand was fairly good for the reduced volume of slaughter lambs offered and this along with price upturns on carlot dressed lamb served to support advances on the live trade, particularly on post holiday trading. Compared with the previous week's close, spring slaughter lambs strong to \$1.00 higher, large share 50¢-\$1.00 up. Slaughter ewes and feeder lambs were

steady to 50¢ higher. Old-crop slaughter lambs and yearlings were in short supply, fully steady.

Spring slaughter lambs: Choice and Prime 80-110# \$21.00-23.00 late except for \$23.50-24.05 at Denver; Good and Choice 79-110# \$18.00-22.50, many \$20.00-22.00, Good 69-85# \$16.00-20.00.

Old-crop slaughter lambs and yearlings: Shorn, Good and Choice 82-111# No. 1-2 and fall shorn \$16.00-18.50. At Fort Worth, Good and Choice 82-101# No. 1-3 pelts \$14.00-16.50.

Slaughter ewes: Shorn, Cull to Good \$3.00-6.50.

Feeder lambs: At Denver, Fancy 77-90# spring lambs \$19.00-19.60, Choice and Fancy 69-91# \$17.25-19.10. At other points Choice and Fancy 50-80# \$15.00-17.50, Good and Choice \$12.00-16.50. Few Good and Choice 70-90# shorn old-crop feeders \$13.00-15.00.

Interior Iowa-Southern Minnesota area sheep and lamb receipts totaled 13,100 head, compared to 13,900 the previous week and 13,700 last year. Prices strengthened on reduced marketings, especially on late rounds, and for the week spring slaughter lambs were generally strong to 50¢ higher, slaughter ewes steady.

Spring slaughter lambs: Choice and Prime 80-105# delivered to packing plants \$21.00-22.00 late, few Choice 70-80# \$18.00-20.50. Good and Choice 80-100# \$18.00-21.00, mainly Good \$17.00-18.50.

Slaughter ewes: Shorn, Cull to Good \$2.50-4.50 except for Good 130-150# wasty ewes \$2.00-2.50.

#### RANGE AND FEEDLOT SALES

**ARIZONA, CALIFORNIA, NEVADA AND UTAH** - Trade on slaughter steers and heifers continued slow but prices were about steady. Prices on feeders were steady except some calves weak to 50¢ lower. The limited volume of spring slaughter lambs sold steady.

Slaughter steers: California, Choice 800-1135# \$26.00-26.75, some for mid-July through August delivery; Good and Choice 950-1300# \$25.00-25.75, high-Standard to mostly Good 900-1150# \$24.25-24.50. Arizona, Good and Choice 775-1050# \$24.00-26.00.

COLORADO, SOUTHERN WYOMING, WESTERN KANSAS AND WESTERN NEBRASKA - Trading direct at feed-lots on slaughter steers and heifers fairly active. Steers strong to 50¢ higher, heifers strong to 25¢ higher. Sharp price advances in the carcass beef trade prompted active trade and higher price levels on steers and heifers. Sales volume slaughter heifers continued rather moderate due principally to the comparatively small supply of this class in the area which have necessary weight and finish to meet present demand in dressed trade.

Slaughter steers: Colorado, few Choice and Prime \$25.75; 2,200 average to high-Choice 1100-1225# \$25.35-25.50, including one load 1125# at \$25.50 f.o.b. loading point to Washington State packer and load same weight and price f.o.b. loading point to eastern packer, around 1,500 to Colorado packers at \$25.50; 3,800 Choice 1100-1275# \$25.00-25.25; 500 mixed Good and Choice 1025-1200# \$24.50-24.75, few Good 1050-1175# \$22.50-23.15. ## WHOLESALE MEAT TRADE REVIEWS

### LESS THAN CARLOT MEAT TRADE REVIEW

EASTERN SEABOARD - Steer beef sold steady to \$1.00 higher with most upturn at Philadelphia. Cow beef was mostly steady to \$1.00 lower, the decline at Philadelphia. Veal and calf sold steady to \$2.00 lower. Spring lamb was steady to \$2.00 lower, bulk \$1.00-2.00 off at most markets. Pork loins were \$1.00-2.00 lower at Philadelphia and steady to \$2.00 higher elsewhere with New York fully \$2.00 higher. Other listed pork cuts steady to \$5.00 higher, most upturn on Boston butts and spareribs.

Kosher dressed steer beef sold strong to 50¢ higher, while the trend for kosher lamb and veal was steady to weak.

Receipts of beef, veal and calf moderate to normal; spring lamb mostly moderate and fresh pork rather small. Holiday week trading in general fairly active under good demand with outlet for pork very broad late in the period. Beef outlet fairly broad as virtually all interests participated. Improved demand for beef chucks in volume channels stemmed downward trend of past couple of weeks. Veal and calf moderately active under mostly fair demand. Spring lamb moved quite readily at the decline in most areas, despite limited purchases by most large accounts. Supplies of pork mostly inadequate as all cuts met wide distribution. Clearance of meats was mostly complete at Eastern markets.

CHICAGO - Steer and heifer beef sold fully 50¢ higher, veal steady to \$1.00 higher, spring lamb 50¢ lower, pork loins 8-16# \$2.00-2.50 higher, Boston butts 4-8# \$2.00 higher and strong at the advance, spareribs 3# down \$1.00-1.50 higher.

All classes fresh meat in only moderate supply for the holiday week. Offerings in the beef division largely average-Good to Choice, weights 35-55# predominating in spring lamb.

Primal cuts accounted for the bulk of the beef moving from wholesale houses, carcass trade rather slow. Arm and squarecut chucks and loins were good moving items, chucks as much as \$3.00 higher. Rounds opened fairly active but slowed, prices mostly steady. Ribs generally found adequate outlets. Veal trade ruled moderately active. Spring lamb and hindsaddles continued mostly slow, decline at the outset also reflecting lower replacement costs of late in the previous week. However, sellers endeavored to advance prices despite the generally slow trade as current replacements were up a full \$1.00. Fore-end cuts of lamb enjoyed good clearance.

Demand was good for Boston butts and spare-ribs but only moderate for pork loins.

PACIFIC COAST - Carcass steer and heifer beef sold moderately active, steady to 50¢ higher in Southern California, mostly steady elsewhere. Cow and bull beef was moderately active, steady to strong in Los Angeles, weak to 50¢ lower in San Francisco and steady to \$1.00 lower in the Pacific Northwest. Calf sold steady to strong in Southern California, veal and calf mostly steady in other areas. Spring lamb was fairly active, steady. Fresh pork loins and spareribs were active, steady to \$2.00 higher, other cuts moderately active, steady in California. Fresh pork was slow, steady except spareribs strong to \$2.00 higher in the Portland-Seattle region. Cured pork was moderately active, mostly steady except picnics and sliced bacon steady to \$2.00 higher in San Francisco and the Pacific Northwest. Supplies were generally normal.

### CARLOT MEAT TRADE REVIEW

CHICAGO, DENVER, OMAHA, NEW YORK AND PHILADELPHIA - Steer and heifer beef met with broad demand during the holiday shortened week as supplies were somewhat below normal. Trading was fairly active throughout the week and prices advanced rather sharply. Steer and heifer beef closed 50¢-\$1.50 higher, mostly 50¢ to \$1.00 up. Cow beef moved in a rather slow trade all week under limited demand and prices were steady to 50¢ lower. Clearance was complete on all classes.

Carcass lamb supplies continued below normal seasonal levels and demand broad in contrast to narrow demand the previous week. Prices turned upward following two weeks of sharply lower trends. Spring carcass lamb closed \$1.00-2.00 higher, mostly \$1.00 up. Clearance was complete.

Trading was active on all pork products as supplies were somewhat below normal. Demand was broad and nearly all carlot pork prices advanced. Pork loins were up \$1.50-4.50, pork butts advanced \$1.50-2.50 and fresh hams sold 50¢ to \$3.00 higher. Spareribs were fully steady and pork bellies were \$1.00-2.00 higher at Chicago. Pork carcasses closed uneven, ranging from 25¢ to 50¢ higher at New York while prices were steady to 25¢ lower at Philadelphia. Clearance was broad on all pork products.

# BOSTON WOOL MARKET REVIEW

Trading of greasy domestic worsted wools in the Boston market was practically at a standstill during the July 4 holiday week. Some of the worsted mills and many of the woolen wool mills were closed for the annual vacation period. This provided an opportunity to take inventory and repair machinery. Occasional small lots of woolen wools and noils sold steady.

Cabled reports from Australia showed a poor selection of combing wools offered with prices steady to firm with Japan and Continental buyers dominating. There were limited stocks available on offer in the hands of South African shippers at firm prices, with little interest noted in the local market. Trading in South America was at a standstill.

The Crop Reporting Board of the United States Department of Agriculture announced the average price received by farmers for wool on June 15, 1962 was 46.4¢ per grease pound. This compared to 46.3¢ for May 15, 1962 and 43.3¢ (revised) for June 15, 1961.

Fleece Wools - The fleece wool market was slow and quotations were nominal.

Territory Wools - In Oregon, the Lincoln County Pool of about 25,000 pounds sold at 51¢ for combing wools, 46¢ for lambs wool, 18¢ for crutchings, while 51½¢ was paid to growers in Curry County. All above wools ranged from 3/8s down to common and braid.

Texas Wools - Occasional lots of poor style 12 months wool sold in Texas around \$1.25 clean basis, delivered East. Little choice 12 months wool remained on offer.

Mohair - Approximately 75,000 pounds of spring adult mohair sold at 58¢ to the warehouse while small quantities of fall hair had been contracted at 51½¢ to the warehouse.

Foreign Wools - Supplies of spot foreign wools were limited and trade was dull. All foreign wool markets continued firm with the Australian selection poor as the end of the selling season approached.

Carpet Wools - A spot greasy pulled white Aleppo carpet wool sold at 68¢ clean wool fibers present. Greasy Buenos Aires November second clip wools were offered at 65-66¢.
